MEMORANDUM FOR THE RECORD

SUBJECT: Communications Support Responsibilities

1. At 1100 hours on Tuesday, 19 December 1967, a meeting was called by [ ] to discuss future responsibilities for communications support as occasioned by the preparation of the FY 70-74 CPC. Those in

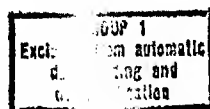

2. The question had arisen in OSA as to who was to budget for leased lines, commo equipment, and operators in future years. In many instances the Air Force is funding for communications lines under the present set up and it is reasonable to assume that they will continue to do so. OSP and [ ] are desirous of having the Agency fund the lines connecting [ ] and Headquarters because they feel that the Air Force will be able to dictate where the circuits terminate if they fund for them. OSP would also like to see the Agency fund the line leases for [ ] but they are satisfied to let CORONA lines remain as they are (funded by the Air Force).

3. [ ] stated that the following guidelines will be used for the CPC:

- a. OSA will continue to budget for all Commo equipment as they have in the past.
- b. OSA will furnish Commo operators for all domestic circuits but the Office of responsibility will carry overseas operators on their T.O.
- c. Line leases now in existence for CORONA will remain as they now exist. Leases for [ ] will be paid for out of Agency funds and OSA will budget for them.
- d. OSA Commo Staff, headed by [ ] will continue to function as the Communications Staff for all of DDS&T, but the Office of Communications will pick up the responsibility for manning the Signal Center.
